**Q.**What made you choose Rainclear?

**A.** Liked the look of the website and the photo's of the items

**Q.**How did you hear about us?

**A.** Google Search

**Q.**What made you choose Natural Zinc (over say, the cheaper Galv Steel option? Or plastic)

**A.** Wanted the Natural Zinc colour to come through over time, thought it would look better than standard or painted steel

**Q.**How did you find the Natural Zinc to install?

**A.** Employed sub contractor's, but they didn't moan!

**Q.**Did you find/use our blog site with any of the installation/safe storage guidance on there?

**A.** No It was installed straight away. The instructions sent with the order were good enough.
