SnapIT ALUMINIUM

Rainclear's SnapIT aluminium rainwater system joins together using concealed internal joints which give a smooth, clean appearance and is ideal for contemporary building design. The SnapIT aluminium rainwater system is available from stock in a smooth matt black powder coated finish.

- NEW Snap together and inject silicone fixing method
- Choice of **Matt Black** for Next Day delivery and 7 standard RAL colours in 10 Days
- Low maintenance & Easy to install

The gutter system is complimented by a **swaged round 63mm or 76mm pipe system or swaged square pipes in 63x63mm or 76x76mm**. The standard RAL colours for these (and other contemporary aluminium ranges other than the square swaged, half round and box) are below available on a 7-10 working day lead-time.
